Uponor Releases Second Half of 2009 Factory Training Schedule for Canada

The second half of 2009 dates for Uponor's Factory Training in Apple Valley, Minn., are available and ready for online registration by going to www.uponor.ca/training.

"This year we're taking our factory training classes to the next level," says Wes Sisco, senior trainer, at Uponor.

"We've enhanced our curriculum to include more in-depth education and training for our radiant and multipurpose plumbing and fire sprinkler systems. With this new training program, we can ensure our professional partners in the industry are well-equipped to meet the demanding needs of today's building market."

Headed by Sisco and supported by customer trainer Steve Swanson, the Uponor Factory Training program offers the following six courses for radiant and plumbing professionals.

Senior Trainer Wes Sisco instructs students on essential design fundamentals and offers hands-on training for installation and troubleshooting techniques.

Radiant Solutions Fundamentals 101 Workshop

This three-day course develops an understanding of the key elements of radiant floor heating systems, including delivery fundamentals, installation techniques, zoning, balancing, heat loss, heating plant options, and piping and control strategies.

Day 1: 2 p.m. to 6 p.m.

Day 2: 8 a.m. to 5 p.m.

Day 3: 8 a.m. to 2 p.m.

Cost: \$249 without hotel; \$349 with hotel

Radiant Solutions Advanced 102 Workshop

This three-day course brings the radiant professional to the next level with hydronic radiant systems. Participants learn tricks of the trade with near-boiler piping, hybrid systems, zoning and wiring system controls, and more, providing the knowledge to configure and troubleshoot a hydronic radiant system from the heat source to the heat emitter. Participants should have basic knowledge of hydronic radiant heating systems.

Day 1: 2 p.m. to 6 p.m.

Day 2: 8 a.m. to 5 p.m.

Day 3: 8 a.m. to 2 p.m.

Cost: \$249 without hotel; \$349 with hotel

Radiant Solutions Advanced Design Suite™ (ADS) Workshop

This one-day course is designed for radiant professionals looking to develop their understanding of radiant system design through the use of Uponor's ADS software. This class focuses on whole-house radiant system design and shows participants how to simplify and economize their radiant systems and enhance their performance. Attendees will work with a laptop computer (provided) and a set of radiant blueprints to design a complete radiant system.

Day 1: 8 a.m. to 5 p.m.

Cost: \$100 without hotel; \$149 with hotel

Radiant Solutions Controls 101 Workshop

This two-day course features information and installation techniques for Uponor wiring and controls. Participants will experience hands-on opportunities to wire and program Uponor controls, including thermostats and zoning controls as well as the new Climate Cöntrol™ Multifunction Controller, the new Climate Cöntrol Zoning System and the new proPANEL® series.

Day 1: 9 a.m. to 5 p.m.

Day 2: 9 a.m. to 5 p.m.

Cost: \$249 without hotel; \$349 with hotel

Radiant Solutions Controls 102 Workshop

This two-day course focuses exclusively on the new Climate Cöntrol Network System. Participants learn to install and commission a Network System, using Uponor's integrated UCT software tool as well as Network System thermostats, field modules, digital zone control modules and primary equipment control relays.

Day 1: 9 a.m. to 5 p.m.

Day 2: 9 a.m. to 5 p.m.

Cost: \$249 without hotel; \$349 with hotel

AQUASAFE® Level 1

This one-day course is designed for the plumbing professional interested in learning how to install the Uponor multipurpose fire sprinkler system, AQUASAFE®. Participants will learn best-in-class design and installation techniques as well as system troubleshooting tips. At the end of training, attendees who test with a passing grade of 70% will be approved as Uponor-trained AQUASAFE installers.

Day 1: 9 a.m. to 4 p.m.

Cost: \$100 without hotel; \$149 with hotel

Uponor Factory Training Schedule Dates – Canada

Aug. 27-29: Radiant Solutions Fundamentals 101 Workshop

Sept. 24-26: Radiant Solutions Fundamentals 101 Workshop

Oct. 22-24: Radiant Solutions Fundamentals 101 Workshop

Nov. 19-21: Radiant Solutions Fundamentals 101 Workshop
